

Team Challenges

Challenge your business, school, or club rival in a friendly competition to go Over the Edge for Tacoma/Pierce County Habitat for Humanity. Each \$1,000 raised earns your team an “Edger” spot. Earn participant rewards as you reach various fundraising milestones and bragging rights when you out-perform your competition.

Our post-event party will feature fun awards for all Team Challenges. Follow these easy steps to get started:

- From the habitatchallenge/kintera.org page, click **Register Here**
- Select **Start a Team**
- You will be asked to enter a **Team Name**.
- You will be asked to create a username and password, then to enter *your* name, contact details, etc. (Anyone can set up a team – it doesn’t have to be the person who will actually rappel.)
- You will need a credit card to pay the \$50 registration fee. This fee applies toward your team’s \$1,000 fundraising goal.
- Once you have made it through the registration process you will be directed to your participant HQ page. Click the **Edit Team Link** (displays in the gray area below the tabs). This is where you can customize a few things:
 - Change the **Header & Subheader**
 - Change the **URL**
 - Upload a different **image**
 - Change the **caption**
 - Edit the **text**
- Start fundraising by spreading the word!
- Once you’ve got your team in place, let us know who you are challenging, so we can make sure they set up a team as well. The Habitat Challenge webpage will reflect a list of all Team Challenges as they come on board.
